

## POLL ON SCOTTISH POLITICS

*Published 25 April 2017*

Given the developments in Scotland following the UK Government's triggering of Article 50, Kantar (formerly TNS) has been polling on views on Scottish independence and the prospect of a second referendum. This latest poll was published on 25th April 2017.

As the leading supplier of opinion polls within Scotland for over 30 years, we have previously published public opinion polling on voting intention for Westminster and Holyrood elections, the 2014 Scottish Independence referendum and the 2016 referendum on the UK's membership of the EU.

Sample size	1060
Fieldwork dates	29 <sup>th</sup> March – 11 <sup>th</sup> April 2017
Interview method	Face-to-face, in-home CAPI
Population sampled	All adults aged 16+ in Scotland
Sampling method	The poll was conducted through our Omnibus, Scottish Opinion Survey. For this survey, sampling points are selected to be representative of Scotland demographically and geographically. Within each sampling point, a quota sampling method is used for respondent selection.
Data weighting	Data is weighted to the profile of all adults aged 16+ in Scotland, based on population profiles from TGI July 2014 – June 2015, Mid Year Population Estimates 2014 and 2011 Census. Weighting is carried out in relation to working status within gender, age, social grade and electoral region. Data was also weighted to match turnout and share of vote from: <ul style="list-style-type: none"><li>- The 2014 independence referendum (<a href="http://www.bbc.co.uk/news/events/scotland-decides/results">http://www.bbc.co.uk/news/events/scotland-decides/results</a>)</li><li>- The 2016 Scottish Parliament election (constituency vote) (<a href="http://www.bbc.co.uk/news/election/2016/scotland/results">http://www.bbc.co.uk/news/election/2016/scotland/results</a>)</li><li>- The 2016 EU Referendum (<a href="http://www.bbc.co.uk/news/politics/eu_referendum/results">http://www.bbc.co.uk/news/politics/eu_referendum/results</a>)</li></ul> Unweighted and weighted bases are shown at the top of each data table.
Questions	The data tables show the question wording in full
